

Estro-Logic®

Nature's Harmony® Estro-Logic® contains natural plant derivatives, rich in isoflavones, which the body can use to maintain normal estrogen levels. The herbal materials in Estro-Logic® are all high quality, guaranteed standardized plant extracts, providing greater potency, consistency and therefore, effectiveness.

PRODUCT CODE: 339171

HEALTH SOLUTIONS:

RECOMMENDED USE	DOSAGE FORM	RECOMMENDATIONS
Provides safe and natural relief of menopausal symptoms by nourishing the hormonal system and promoting an overall sense of well-being. May help to reduce hot flashes, insomnia, fatigue, anxiety and other minor symptoms associated with menopause.	Capsule	Take one capsule twice daily with meals.

DESCRIPTION:

Nature's Harmony® Estro-Logic® offers women a natural alternative to hormone replacement therapy (HRT). This product was formulated by Dr. Kathleen Fry, MD, a gynecologist who practices holistic medicine, and Claudia Wingo, RN, a medical herbalist. This patented formula contains natural plant estrogens from soybeans, called isoflavones, combined with the following safe and effective herbs: black cohosh, chaste tree berry, wild yam, sage, vervain, astragalus and motherwort.

Recommended Daily Allowance: N/A

Food Sources: N/A

Causes of Deficiency: Insufficient estrogen production in the body.

Symptoms of Deficiency: Fatigue, hot flashes, absent-mindedness, vaginal dryness, moodiness, anxiety and/or depression, heart palpitations and sleep disturbances.

Complementary Nutrients: Vitamins B12, C and E; choline; iron; omega-3 fatty acids; aged garlic extract and herbs such as valerian and ginkgo biloba.

HOW IT WORKS:

Nature's Harmony® Estro-Logic® contains natural plant estrogens from soybeans, called isoflavones, that mimic estrogen activity. They help normalize hormones to alleviate menopause discomfort, with greatly reduced side effects compared with other estrogen treatments.

Estro-Logic® is formulated with an array of herbs that assist not only hormonal regulation and balance, but also healthy digestion and liver, nerve and heart function.

DID YOU KNOW...

Black cohosh comes from the same plant family as buttercup. Native Americans have used black cohosh root for many years in herbal remedies to treat colds, arthritis, malaria, sore throats, weakness, diarrhea, lung conditions, female infertility, menstrual problems, labour pains and miscarriage.

Estro-Logic®

RESEARCH:

Ingredients have been proven effective in extensive medical studies. Results from the most recent clinical study showed that women taking Estro-Logic® were more likely to experience significant improvements for such symptoms as fatigue, hot flashes, absent-mindedness, vaginal dryness, moodiness, anxiety and/or depression, heart palpitations and sleep disturbances associated with menopause than women on HRT.

SIDE EFFECTS:

Nature's Harmony® Estro-Logic® is a safe supplement with little or no side effects. Black cohosh may cause mild stomach upset.

INTERACTIONS AND SAFETY CONSIDERATIONS:

Do not take Nature's Harmony® Estro-Logic® if pregnant or breastfeeding, or if contemplating pregnancy in the near future. Consult a health care practitioner prior to use if you have hormone-sensitive conditions such as endometriosis or uterine fibroids, or you are taking birth control pills or other prescription medications.

OTHER CONSIDERATIONS:

When chaste tree berry extracts are taken at the same time as oral contraceptives or female hormone replacement therapy (HRT), they may interfere with the way the body uses the hormones, and, as a result, the HRT or oral contraceptives may not be as effective.

LABEL:

Natures Harmony®
Estro-Logic®
 Équilibre naturel d'oestrogènes
 Soulagement naturel des symptômes ménopausiques
 60 capsules

Usage recommandé: Procure un soulagement sûr et naturel des symptômes de la ménopause en nourrissant le système hormonal et en suscitant un sentiment général de bien-être. Peut aider à réduire les bouffées de chaleur, l'insomnie, la fatigue, l'anxiété et autres symptômes mineurs associés à la ménopause.

Dose recommandée (adultes): Prendre 1 capsule au repas, deux fois par jour.
